

# *Economic Outlook 2018*

November 9, 2017

Lazaridis Hall, Wilfrid Laurier University

---

## Call for Proposals Waterloo Region in Perspective *Poster Session*

---

The Laurier Centre for Economic Research & Policy Analysis will present Economic Outlook 2018. The annual event brings together speakers from the private sector, public sector, academia, and others to discuss key issues affecting our regional, provincial, and national economy.

This year, LCERPA will hold a poster session sponsored by the Region of Waterloo preceding the event to showcase research that improves our understanding of life and work in the Waterloo Region. **We invite contributions from all disciplines.**

We aim to offer our guests a broader understanding of issues facing the Region while connecting researchers to regional stakeholders. This is an excellent opportunity for Faculty and Graduate Students to mobilize their research.

If you are interested in presenting in the poster session, please **submit an abstract** or outline of the research to be presented to:

Email: [lcerpa@wlu.ca](mailto:lcerpa@wlu.ca)

**Deadline: September 29, 2017**

LCERPA will offer financial assistance for the preparation of posters. If you have any questions, please contact Tammy Schirle (LCERPA Director) at [tschirle@wlu.ca](mailto:tschirle@wlu.ca) or phone extension 3849.

Please circulate this call for proposals among your colleagues. For more information about previous Economic Outlook events, please visit <http://www.lcerpa.org/outlook.html>
